Mr. J. Manfred Crane, Col. Jos. J. Johnston, Mrs. Crane and Mrs. Johnston. They're off to Mexico and Guatemala - and no worries. This is what Morse-Gleason did for them:

1. Made special trip to consulates in San Francisco to secure Mexican and Guatemalan Tourist Cards.
2. Made special trip to Salinas to secure evidence of citizenship for Mr. and Mrs. Crane.
3. Telephoned Mexico City to make an appointment at the American Embassy.
4. Arranged for them to be met at Airport by our corresponding agent in Mexico City.
5. Arranged hotel reservations, special sight-seeing, and bull-fight tickets.
6. Arranged transfer to Guatemala.
7. Arranged for them to be met at Guatemala airport by private car. Hotel reservations, sight-seeing, etc., taken care of by corresponding agent there, who will show them everything of interest.

**WE CHARGED NO SERVICE FEES
FOR THE ABOVE ARRANGEMENTS...**

CONGRESSMAN BRAMBLETT WILL SPEND EASTER IN THIS DISTRICT

Congressman E. K. Ernie Bramblett, representative from this district will be home from Washington, D.C., during the Easter week recess of Congress. Bramblett will travel the four counties of the district to survey public opinion on his bill, now pending, which would allow income tax deduction for payments on homes.

Under Bramblett's proposed law, payments on the purchase price of homes could be allowed as tax deductions up to \$3,000 in one year. The total amount of such payments over a period of years would be limited to \$15,000. No other real estate except a person's residence would be considered under the bill.

Bramblett, who has received strong support for the proposal popularly known as the Home Tax Exemption Bill, reports encouragement from other congressmen representing districts where home building has soared in the past few years.

Speaking of some opposition to the bill from government bureaus, Congressman Bramblett said, "It is not complicated enough to suit them. This is no magic formula which will enable every American to own a home over night. It is just a tax exemption to encourage thrift and make it possible for people to own their homes. Everyone has the desire to own a home, but in these times it has become very, very difficult for the man with a small income to build or buy a home for his family.

"I believe that the Congress should do everything it can to encourage private home ownership. This bill will do just that, and favorable public reaction will put this bill across."

RESERVE OFFICERS ELECT CARMEL MAN PRESIDENT

Lt. Col. Charles Richardson, Jr., of Carmel, was elected president of the Monterey Peninsula Reserve Officers Association during the annual stag dinner Friday at the Navy Club in Monterey. Other new officers are Lt. Herbert B. Blanks, of Carmel, vice president; Maj. Donald D. Anderson, of Pacific Grove, secretary-treasurer; Lt. Gerald G. Lefler, of Pacific Grove, vice president for Navy; Lt. Cecil H. Murphree, of Monterey, vice president for Air; Lt. Col. Otto F. Schroeder, of Pacific Grove, vice president for Fort Ord.

Outgoing president, Lt. Col. Joseph J. Johnston, was presented with a past-president's key by Col. Alfred Fry. More than 100 reservists attended the meeting.

SPECIAL PERFORMANCES AT FIRST THEATRE

There will be three performances this week of "Over the Hills to the Poorhouse" at California's First Theatre. They will be at 8:15 p.m. Friday, Saturday and Easter Sunday. Hilarious Olio follows each show.

"The Unkissed Bride" is announced by the Denny-Watrous Management as the next show to follow "Over the Hills to the Poorhouse" which is due to close the middle of May. The "Unkissed Bride" will be directed by Rhea Diveley, who has directed the recent Denny-Watrous plays at the First Theatre. Miss Diveley has announced tryouts for the new show for next Monday, April 10, and Wednesday, April 12, at the First Theatre, Monterey, beginning at 7:30 P.M. Due to many requests for parts in the plays, Miss Diveley has decided on the two tryout nights instead of one. All those wishing to take part are urged to be at both tryout nights. The play will go into rehearsal April 18.

A LETTER TO ALL CARMEL:

Attention of all Voters -- Professional Men and Women -- Business Men and Women -- Artists and Writers -- Teachers and Students -- Carmel Property Owners -- All Residents of Carmel...

Do you Want to Keep Carmel? I attended the recent Town Hall Meeting at Sunset School and I was surprised that the attendance was not larger, also surprised that most of those attending were the older folks of Carmel and not enough of these dear people who have been and are a great guardian over Carmel.

The younger ones were in sad minority at this Town Hall Meeting and they are the ones who will have the opportunity of being guardians over Carmel in the future.

We like Carmel as it was, and as it is today, plus gradual improvements in keeping with Carmel tradition.

I have lived in and visited many cities in our great country; our last war changed most cities. Carmel escaped a harmful change for which we are all thankful.

Tuesday, April 11th, the day for all Carmel to vote, is a most important day for all of us in Carmel... we must all cast our vote.

The Carmel Business Association has gone on record as favoring a "no" vote on the Advisory Question concerning commercial guest houses having more than four paying guests.

LET US KEEP CARMEL.

Sincerely,

OSCAR BALZER
President, Carmel
Business Association

THE AIRPORT VOTE

Of the five candidates for the Board of Directors of the Monterey Peninsula Airport District, The SPECTATOR, after considerable evaluation, recommends election of Candidates Dr. James Finley and Alton Walker.

Dr. Finley, who is up for re-election, has the experience and proved ability necessary to the board. He ranks high with his fellow directors.

Mr. Walker, owner of Walker Aircraft, has conducted his business at the Monterey Airport for the past 13 years. At one time or another, he has visited and inspected every airport west of the Mississippi. As a man who grew up in the airplane business, his experience is invaluable to the peninsula.

Since the office to which they aspire has no salary, voters can be certain that each candidate wishes to be a sincere servant of the public, for no other reason than a desire to serve, but this publication recommends Dr. Finley and Mr. Walker on the grounds of experience beyond the average.

Totheroh Group To Give Loos Play At Wharf Theater

"Happy Birthday," starring Carmel's Ruth McElroy, will be the first presentation of The Wharf Players, according to Dan Totheroh, producer-director, who organized the new Fisherman's Wharf theater group. The Anita Loos play, which starred Helen Hayes two years ago in New York, will make its first West Coast appearance by special

arrangement with the author, Mr. Totheroh said this week.

A preview showing of the play will be presented Saturday, May 13, with the regular run slated for the following Thursday, Friday, Saturday and Sunday. Mr. Totheroh plans a new play every two weeks, to be presented on the same week nights.

Rehearsals are also starting on Eugene O'Neill's "The Long Voyage Home," Molnar's "The Swan," and Sutton Vane's "Outward Bound."

Appearing in "Happy Birthday" are Lee Crowe, Larry Rose, Lloyd Weer, Marian Todd and Kenneth I. Smith, who acts as business manager for the new group. Other peninsulites who will be in the casts

of the first four plays are Bruce Ariss, Dee Olivetti, Mrs. Gunnar Norberg, Fred Stevens and Said Riza.

Mr. Totheroh indicated that the summer season may necessitate Saturday matinee performances also.

Although tickets may be purchased individually, Mr. Totheroh said scripts good for four performances will be available at a reduction in price. These may be used by one person for four different plays or by a foursome interested in seeing the same play during a night's run, he declared.

Sets will be designed by local artists and designers. Victor Mantilla will do the "Happy Birthday" sets; Mr. Ariss will design the sets for the four O'Neill one-act plays, and Bill Kappy will execute the scenery for Molnar's "The Swan."

The new playhouse is located three buildings to the right on Mon-

terey's Fisherman's Wharf. It seats about 150 persons and is behind Virginia Blair's ceramic shop. Interior decoration is in keeping with the Wharf's atmosphere.

MARKHAM NAMED CHAIRMAN OF 1950 COUNTY HORSE SHOW

Walter Markham, director of the Monterey County Fair at Monterey and of the California Rodeo at Salinas, was named general chairman of the 1950 Monterey County Fair Horse Show at a recent executive committee meeting.

Mr. Markham accepted the appointment by phone from Phoenix. He will fly up to Monterey in the near future to confer with the horse show committee and Manager Allen Ross, at which time judges will be selected and premium list approved.

EASTER - "PROMISES AND HOPES OF A NEW DAY AND A PEACEFUL WORLD" - DR. GRAY

The miracle of the first
Easter becomes a contemporary
fact in the homes and churches
of the Monterey Peninsula as
they join with all of Christen-
dom on next Sunday in the great
festival of the Christian year.

In sermon, story and song,
as well as in pageantry and in
century-long customs, the fact
that Christ rose from the dead
will be made a part of the ex-
perience of worshippers every-
where.

But not only the fact of
Jesus' resurrection will be told
but the assurance through faith
that it is the proof and assur-
ance of man's immortality. Be-
cause His living presence cre-
ated in them the consciousness
of a new life, the disciples and
his followers in the 19 centu-
ries since have expressed the
faith that they, too, are raised
with Him.

Hymns and anthems of
praise to the risen Christ will
be heard in the early hours of
Easter morning from the outdoor
services which have been plan-
ned. Special observances have
been planned in all Protestant
churches, and in all Catholic
churches the day will be mark-
ed by a series of masses.

There is a somber note in
the songs of praise for the risen
Christ, however, for there is an
awareness of the millions in
the world who out of their hun-
ger and great need find it diffi-
cult to look beyond the cruci-
fixion, that seems to be theirs,
to see the light of an everlast-
ing hope. From hearts that are
filled with pity and the desire
to help those in need, this Eas-
ter will find an outpouring of
gifts of gratitude from those who
are more fortunate.

The message of hope will
cheer the hearts of men, women
and children today even as it

HELP SCIENCE HELP YOU

GIVE
TO CONQUER

CANCER

AMERICAN CANCER SOCIETY

cheered the disciples and friends
of Jesus whose hopes and as-
pirations were blasted by the
horrors of the crucifixion. The
promise of eternal life speaks
once more to those stricken
with grief, whose hopes had
died in their hearts and whose
courage has failed them in their
hours of need.

From the hearts and lips of
Christians everywhere at this
season rises the prayer that
Easter may help to renew the
promises and hopes of a new
day and a peaceful world. This
Easter is not a gay, light affair
of parades and pretty hats, but
a day of high hopes based on
the miracle of a risen Lord and

of the promise of new life and
life eternal which He brings.

Even amidst the weight of
accumulated tradition that sur-
rounds the observance of Eas-
ter, there is a certain newness
and freshness each year in the
celebration of this great day in
the churches.

Historic hymns and anthems
have a new lilt when sung by
young voices and the ancient
story and pageantry are heard
and seen with new meaning by
men and women after the pas-
sing of another year.

Dr. K. Fillmore Gray,
Minister, The Church
of the Wayfarer, Carmel.

MUGGS AND SKEETER

Inside WASHINGTON

MARCH OF EVENTS

Wallace Setting Stage
For a Four-Way Race

Atom-Run Automobile?
AEC Deprecates Idea

SPECIAL TO THE SPECTATOR

WASHINGTON—Henry A. Wallace has, by his disavowal of Com-
munism, set the stage for another four-party presidential
race in 1952. This, of course, is predicated on the assumption that
President Truman, or some like-thinking "heir apparent" runs as
the Democratic candidate.

Political forecasters now envision a Democratic-Republican-
States Rights—"Progressive" contest—with the last two contingents
running far behind, but doing better than in 1948.

Wallace's Chicago speech, mildly rebuking
Russia along with the United States, served no-
tice that the Iowan again intends to head the
Progressive party, which got only a smattering
of votes two years ago.

The former vice president has done his best to
rip the label of "Communist-bossed" from his
party. The Communists had to agree to Wallace's
decision or seek another leader for the Progres-
sive party, and they feel that Wallace is their
only chance to split the left-of-center Democrats.

In the south, the States Righters will rally
around Jimmy Byrnes, who is certain to be the
next governor of South Carolina. With Byrnes,
they figure to carry 10 or 12 southern states
in dividing the right-of-center Democrats.

The Republicans view the prospect with satisfaction. They figure
that with Wallace pulling from the left and Byrnes from the right,
the Democrats are sure to be deprived of millions of votes.

• • • • •

• **ATOMIC AUTOS**—Sumner Pike, acting chairman of the Atomic
Energy Commission, has finally and officially knocked down the
public belief that atomic energy is a cheap source of power for
autos and trains.

ABC spokesmen for some time have been trying to disabuse the
public of the fanciful acceptance of atomic energy as a power
panacea.

However, these spokesmen have hesitated to come right out with
an "it won't work" statement.

Pike now has laid the cards on the table. He says that atomic
energy probably can be used to power ships and perhaps airplanes
of a new and radical design; but that it's too expensive and com-
plicated for autos and trains.

The reactor being built at Arco, Ida., as an experimental sub-
marine engine will be far enough along this year to permit a good
estimate of its ultimate possibilities.

• **SCHOOLROOM "UNTRUTHS"**—Congress was told the other
day that wall maps hung in classrooms, lecture halls and offices
have "fostered isolationism and warped our outlook for generations."

J. Parker van Zandt, president of Aviation Research Institute,
said that "our ideas of the world are largely based on a map de-
vised for mariners in wooden sailing ships 380 years ago."

He argued before a Senate foreign relations subcommittee that
the maps spread "untruths" in this air age. The most "serious
falsehood" they tell, he contended, is their "misrepresentation of
continental relationships."

He said that for example, Los Angeles is actually nearer Moscow
than it is to Rio de Janeiro. Chicago, he added, is closer to the
Dardanelles than it is to the capital of Argentina.

• **MAIL RATES**—It's pretty certain you soon will be paying two
cents for the traditional one-cent post card, and
other higher mailing rates.

Congressional sources say that the Senate is sure
to pass the House-approved bill increasing postal
rates. The only question is how long it will be
before the Senate acts.

CARMEL RED CROSS GOES OVER THE TOP; 110 PERCENT OF GOAL

The Carmel Red Cross drive went over the top this year, receiving contributions totaling \$16,065.97 as of the first of this week - 110 percent of the goal. The local chapter will keep 73.3 percent of the funds, while the remainder will go to the national Red Cross organization.

Thomas K. Perry, chairman of the 1950 fund drive, has extended his thanks to all those who helped make the campaign a success. One hundred and sixty one volunteer workers brought in a total of \$13,609.06, the balance received by mail or by persons who called personally at the Red Cross office. Not only did the chapter collect \$2,000 more than last year, but there were 20 percent more con-

tributors.

Following are the executive volunteers who aided in the drive: George Yates, who acted as Mr. Perry's assistant; Robert Spencer, in charge of Carmel residential; B. Franklin Sowell, Carmel business; Mrs. Robert McGrath, Big Sur; Hal Boyd, Carmel Highlands; Mrs. Richard Collins, Pebble Beach; John K. Caldwell, Upper Carmel Valley, and Stan McClurg, Lower Carmel Valley.

SAYS REPUBLICAN PARTY SHOULD PROVIDE CLEAR-CUT ISSUES FOR AMERICAN PEOPLE

"There has been a conflict between two diametrically opposed political and economic philosophies in this country since 1932," said Mrs. Eugene Prince in an address before a meeting of Monterey Peninsula Republican Women's Club last week at the Carmel Woman's Club, "but this conflict

has been obscured by highly developed propaganda techniques, by glib slogans and clichés."

"What the American people want," said Mrs. Prince, "are clear-cut issues, and what the Republican party can do is to provide them. It can restore faith in constitutional government -- the faith which has been lost in 'new dealing' and 'fair dealing' slogans. When people really understand proposed measures," Mrs. Prince continued, "the judgment of the majority is sound."

Referring to political platforms, Mrs. Prince said, "We must anchor our candidates to a strong, sound political philosophy; and then we must give our candidates active support."

Speaking of the need for effective and competent candidates for public office, Mrs. Prince said, "The smear tactics employed by Democrats against opposition have discouraged many potentially fine candidates who were not willing to subject themselves to that kind of abuse. Republicans," she said, "have been too timid and too complacent to develop the kind of solid backing which would bring out and develop the kind of statesmen we must have."

Emphasizing the role legislators must play in government to safeguard American liberties, Mrs. Prince stated that the "last bulwark between us and a socialized society is the legislative branch of government. With the executive branch furthering socialistic schemes," she said, "and with the courts giving tacit approval, it is up to the legislators we elect to restore the constitutional checks and balances inherent in our governmental structure."

Referring to the re-apportionment of the State of California which is to follow the decennial census, Mrs. Prince emphasized that this is a crucial matter to the entire country and that it is one to which Republicans have given insufficient thought. She said the interest of Republicans in their legislature must be aroused because it is this next legislature which will do the re-apportioning of Congressional districts in California.

"The character of entire districts can be changed in the process of re-apportionment," said Mrs. Prince. "We have known for 10 years that this re-apportionment was coming but we have been complacent and we have not prepared for it."

Declaring that she considers 1950 a critical year for the Republican party, Mrs. Prince gave it as her opinion that many years may elapse before the Republicans have as good a chance as now to "stop the trend toward statism" and "to place in key positions men who feel that their responsibility to the electorate continues after the votes which put them into office have been counted."

Will you help fulfill the world's great hope?

This is your chance to help conquer cancer. A vital chance for the millions of Americans who will fall victim to the disease. Yes, millions now living will have to battle for their lives against this grim killer. Where it will strike no one can say. The man in the next block? Your next door

neighbor? Even . . . your own home?

What are you going to do about it? Will you help to bring hope to those living under the shadow of this cruel disease?

HOPE through continued and intensified research to uncover the cause and cure.

HOPE through an education program to teach recognition of symptoms and the urgent necessity of prompt treatment. Many are being saved, but tens of thousands die who could and should be saved.

HOPE through improved services for those already stricken.

Your dollars can mean the difference between hope and despair—between life . . . and death. Can you afford not to help?

nos petits secrets

By Janice

A "teen-age" girl, the other day, wanted to know if girls of her age, in France, had the same kind of life she has. She was very much surprised to know how different a French girl's education generally is. Then she said, "Gee, I wish you would tell about it in your next article. My girl-friends would like to know too." I am glad to do so and I can tell you that French girls are as much interested in you as you are in them.

The thing you should know before anything else is that there is no co-education. I should say that the whole idea is, in the parents' minds, unthinkable. Having boys and girls together in school . . . oh, no! Of course I am not talking about the *Facultes* like the Sorbonne where there is co-education and where the boys and girls are all well over 18 years old. But before you can enter the *Faculte* you choose, you need a government diploma called "baccalaureat" for which you will be prepared in one of the two kinds of schools in France - the government's *Lycee*, or the private schools, which are

always Catholic and always . . . boarding schools. Both kinds are equally good as far as studies are concerned. But while in *lycees* they are mainly occupied with studies, in "private schools" girls are taught how to sew, cook, be good hostesses and learn good manners. Most girls of middle class family are educated in this way.

When at home, during vacations, a French girl under 20, from a good family, is never allowed, under any circumstances, to go out at night with a boy unless they are engaged. You can, of course, go out in groups of six or more, as long as the members of the group are known to the family and approved of. Generally the decision is up to the father, whose word is law around the house and not to be disputed. Something to think about: in France, having a boy friend before the age of 18 is unheard of.

MAGGY ROUFF

Tiny sleeves, or none at all, are the pass-word for this summer's style. Every collection has them - all sleeveless, different and charming. *DIOR* is especially proud of two finely pleated dresses, both sleeveless, one of classical line in printed "mousseline" - the other of very simple design, also in bright red "mousseline." *PIGUET* shows a red flaring dress (red seems to be one of the favorite colors), with two little bows instead of sleeves. These dresses can be very flattering if you are extra careful about your arms; nothing attracts attention to them more than these little sleeveless dresses.

JEAN DESSES

tingale, pockets and lapels (*Dior*)... Big wing-like sleeves on rosewood colored cheviot box coat (*Balmain*)... Man-tailored details (*Dior*)... Triple lapels on plain dark blue coat (*Balmain*)... Cape sleeves, buttoned flap pockets, triple stitching (*Fath*)... These little details will give you an air from Paris: a large flowing bow tie, white pique trimmings, lapels or vests . . . unplucked natural eyebrows, bracelets worn above the elbow, a flower tucked in the collar and (the best for the last) a starched wing collar with a wide "mousseline" tie and a strapless dress.

PACIFIC GROVE WOMEN'S CLUB MEETS APRIL 12

The next regular business meeting of the Pacific Grove Women's Civic Club will be held on Wednesday, April 12, at 12:30 p.m. at the clubhouse. A potluck luncheon will be served.

AWVS PUBLICITY COMMITTEE MEETS MEMBERS OF PRESS

Mrs. Helen Clark Park, publicity chairman for the American Women's Voluntary Services, held a get-acquainted party last week for her committee and members of the Monterey Peninsula press.

LAST RITES

Funeral services for Mrs. David D. Muir, 39, of Monterey, were held Monday afternoon, with inurnment in the Little Chapel-By-The-Sea Crematorium. She died on March 30 in a San Francisco hospital following a brief illness.

Born in Carlton, Ore., Mrs. Muir was a graduate of Oregon State College, and had lived here for the past six years.

Survivors include her husband, David D. Muir, of Monterey; her parents, Mr. and Mrs. Oliver Mosley, who reside in Canada; a sister, Mrs. Murton Cox, of Staton, Ore.; a brother, Jerome Fryer, and her grandmother, Mrs. Myrtle Gamble, both of Whittier, Calif.

UNIVERSITY OF CALIFORNIA GLEE CLUB TO GIVE CARMEL PERFORMANCE; WILL SING "SOUTH PACIFIC" TUNE.

Of interest to music lovers and the more than 700 University of California alumni who reside on the Monterey Peninsula is the fact that the university's Men's Glee Club will appear in Carmel Sunday, April 23, to give an evening performance in the Sunset School auditorium. Reviving a tradition that goes back nearly half a century, the Glee Club is touring the state this month for the first time since pre-war days.

Conducted by Walter Nollner, the 50-man choral group has scheduled a program ranging from Beethoven to "Broadway." The Rogers

ASSISTANT NAVY AIR SECRETARY VISITS HERE

John F. Floberg, recently appointed Assistant Secretary of the Navy for Air, made an inspection last week of naval installations in the Monterey area, visiting the Naval School and the Naval Auxiliary Air Station. He was accompanied by high ranking naval air officers.

Mr. Floberg and his party were met by Captain T. J. Casey, commanding officer of the Naval School, and by Captain H. T. Stanley, commanding officer of the Air Station.

Mr. Floberg was accompanied by Vice Admiral J. H. Cassady, USN, Deputy Chief of Naval Operations for Air; Rear Admiral A.M. Pride, USN, Chief of the Bureau of Aeronautics, several aides and other officers. Mrs. Floberg is also making the tour of west coast naval air facilities with the assistant secretary.

FORM NEW MEN'S REPUBLICAN CLUB

The newly-formed Monterey Peninsula Men's Republican Club, met last week and elected Gunnar Norberg, of Carmel, as temporary president. Other temporary officers are John Stinson, vice president; Charles Grant, secretary, and Ed H. Ewig, treasurer. Meetings will rotate to various sections of the peninsula in order to assure wide-spread representation.

and Hammerstein song, "There's Nothing Like a Dame," from the hit show "South Pacific," will be featured in the local performance. Spirituals, folk songs and the cherished "Sons of California" and "Hail to California" will be rendered by the group also; as will a new arrangement of an old Scotch folk song, "Hey, Johnny Cope!"

The California Glee Club gained world-wide fame in 1911 when, under the leadership of "Brick" Cope, it became the first American university choral group to tour Europe. During the past two years the club has appeared in concerts at the San Francisco Opera House, in the Bohemian Club and at several theaters in the bay area.

Other cities in the club's itinerary are Sacramento, San Diego, Los Angeles, Bakersfield and Fresno.

MORE ABOUT ROTARY CHARTER NIGHT

continued from page 9

happy to have your Rotary Club as one of the 7,000 in countries all over the world. We are looking forward to the development of your club as a strong and effective link in the chain of Rotary Clubs. We believe you will always enjoy, appreciate and cherish your Rotary membership."

Carmel Rotary President Corum Jackson, after extending thanks to visiting Rotarians, said: "In accepting this charter for the members of the Rotary Club of Carmel-By-the-Sea, I do so with the full understanding of the responsibilities we are assuming. I have every confidence that we will do our part in carrying out the program of Rotary. We have been most fortunate in being able to start out with an unusual group of high type business and professional men - 30 of us - leaders in our businesses and professions, all interested in the welfare of our community and the principles of Rotary.

"This is, of course, one of the most important moments of my life," Mr. Jackson concluded, "accepting

the charter as first president of the new Rotary Club in my own home town. I sincerely appreciate the honor and the responsibilities that go with it. I pledge to you here tonight that I will put forth my best efforts to make this a fine and successful Rotary Club."

A feature of the evening was the raising of money for the treasury of the new club. Rotarians who attended the charter night ceremonies without their wives were fined, as were those who "spoke out of turn," and these men contributed a total of \$350 for the organization's treasury.

ANSWER TO THIS WEEK'S

WHO IS IT?

Ernest R. McAnaney, chief of police, Pacific Grove, is featured in this week's "Who Is It?" Chief McAnaney comes from an old time Pacific Grove family, having been born here in 1906. He attended Pacific Grove schools and joined the Police Department as a patrolman in 1933, but his career with the city department was interrupted in 1941 when he went with the Monterey County Sheriff's Office. He returned to the city as chief in 1942, during the administration of Ernest K. Bramblett. The Pacific Grove Police Department has tripled in size since Chief McAnaney first joined it. He has taken many courses in criminal investigation, studying in various Federal Bureau of Investigation classes. Married in 1925 to the former Miss Florence Vining, of San Jose, McAnaney has been a grandfather for the past six months. His daughter, Betty Lorraine, 21, is married to Chuck Chamberlain, also of Pacific Grove, who is now in the Army stationed at Cheyenne, Wyoming. A Rotarian, Chief McAnaney is a golfer and an enthusiastic gardener, both hobbies marking him as a longtime peninsulite.

In the middle panel are Edison A. Holt, Mrs. Holt and Dr. Richard Bower, members of the new Carmel club, while below James Rowe, Mrs. Rowe and Mr. Spencer, all of Carmel. At left is Mrs. Ralph Castagna, of Carmel, who was among the guests. Polaroid One-Minute Photo.

New Rotary Charter Night

It was charter night on Saturday for the new Carmel Rotary Club and the occasion was celebrated with a dinner and dance at the Mission Ranch under the sponsorship of the Monterey Rotary Club. The Carmel club is now number 7,460 in Rotary International.

Hal McLain, president of Monterey Rotary, introduced the speakers of the evening, who included William Klaassen, of Paso Robles, district governor; Howard Kirtland,

of San Luis Obispo, past district governor; Peter Hay, of Monterey Rotary; Mayor Fred Godwin, of Carmel, and Corum Jackson, president of Carmel Rotary. Singing during the evening was led by Paul Caswell, of Salinas Rotary, while the Invocation was by the Reverend Father John Ryan.

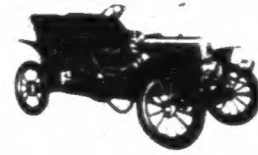

Before presentation of the charter, Mr. Claassen told the Carmel group: "Rotary International is continued on page 12

DEDICATION CEREMONIES WILL MARK RESTORATION OF MISSION SAN ANTONIO

Colorful dedication ceremonies conclusion of more than two years' work on the restoration of the 179-year-old Mission San Antonio de Padua, 27 miles southwest of King City, will be held on Sunday, June 4th.

This announcement was made jointly recently by Bishop Aloysius J. Willinger, of the Monterey-Fresno Diocese; President Edwin L. Carty, of the California Mission Trails Association; and Franciscan Father Gregory Wooler, who is directly in charge of the Mission. The Mission (see photo) was the subject of two articles which appeared in The SPECTATOR several months ago.

The extensive program for the celebration, which is expected to attract more than 25,000 people from all sections of California, will be conducted by the California Mission Trails Association under the direction of a staff headed by Ralph B. Wright, secretary-manager.

Tentative plans include a pontifical high mass, noon barbecue and an official dedication ceremony

which will be broadcast over a nation-wide radio network. A musical program will be augmented by the Franciscan Choirs from the missions at Santa Barbara and San Luis Rey, as well as by outstanding soloists and entertainment groups.

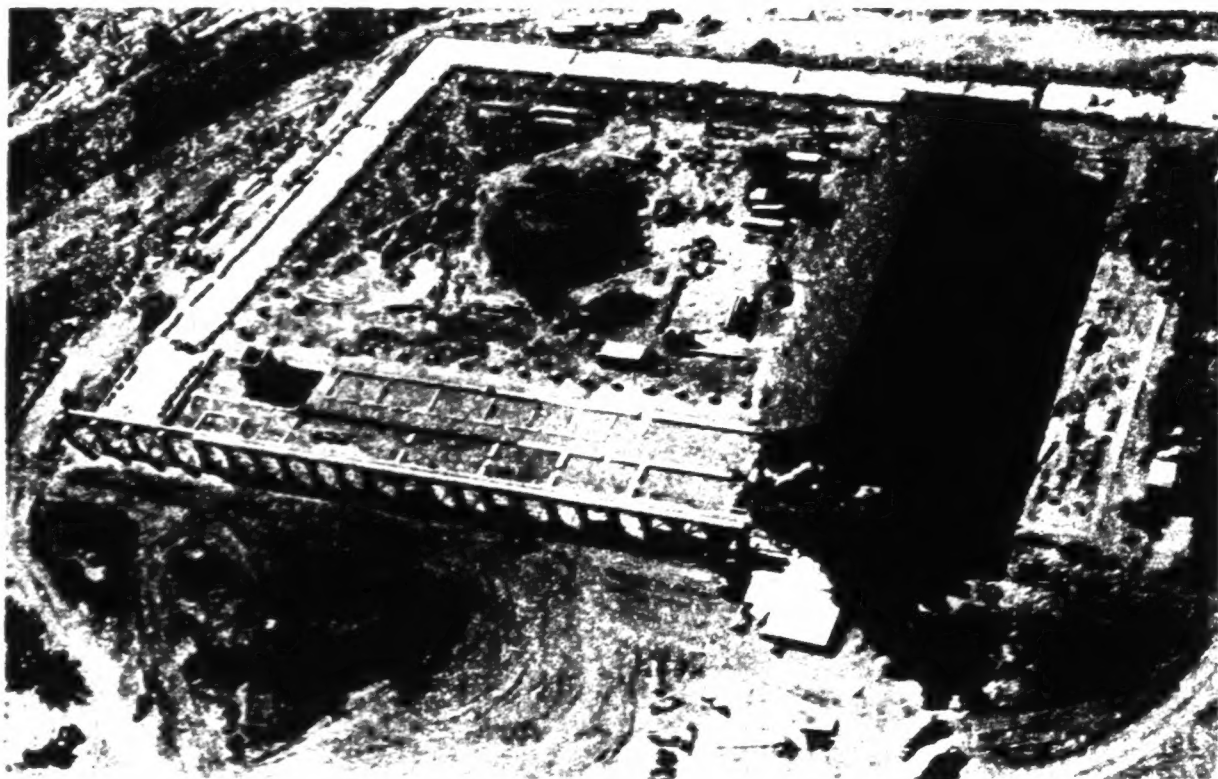

Mission San Antonio de Padua, which was founded in 1771 as the third in California, is being reactivated as a "living mission." The entire atmosphere and industrial life of the early California period is being recreated and is to be maintained. A training school is being established in which the early trades and arts will be perpetuated.

Disintegration of Mission San Antonio began in the 1840's and by the middle 80's even the very substance of the structure began to disappear and subsequently the adobe walls started to crumble. Efforts towards restoration got under way as early as 1903, but the major program was not commenced until 1948. In the restoration, the original structure has been reproduced down to the most minute detail.

California Mission Trails Association, because of its interest in restoration, preservation and national publicizing of the California missions, has been assigned the responsibility for most of the operating details in connection with the dedication ceremony.

NEW KIND OF COOKING SCHOOL

How would you like to learn to cook fancy dishes? A new kind of cooking school will open soon at the Los Laureles Lodge in Carmel Valley, it was announced today by Herb & Ollie Brook, operators of the lodge. Most cooking schools are sponsored by manufacturers of cooking equipment or by food companies, but this one is to be conducted by a guest, Mrs. Edith Blan, formerly owner of the famous Franciscan Restaurant in Vienna, Austria. Afternoon classes are now being formed and those interested should call the Brooks at Los Laureles 9266.

MISSION SAN ANTONIO DE PADUA

PENINSULA COUNCIL OF PTA INSTALLS NEW OFFICERS

Installation of officers was held last week by the newly-formed Monterey Peninsula Council of the Parent-Teachers Association. Taking office were Mrs. H. M. Fox, Jr., president; Mrs. W. B. Wheaton, vice president; Mrs. Clyde Dorsey, secretary; Mrs. S. B. Knowles, financial secretary, Mrs. Edmond Sullivan, treasurer, and Mrs. Milton Ohrt, historian.

The officers were installed by Mrs. Russell Scott and Mrs. Wheaton, with Mrs. Dorsey as alternate, was chosen as delegate to the PTA State Convention in Santa Cruz May 3-5.

LUCKY BOY TO OPEN NEW SHOPPING CENTER.

Construction work on a new super shopping area began this week when ground was broken for the Lucky Boy Shopping Center on Fremont in Oak Knoll. T. A. Work, Monterey financier and banker, and S. Crispin, president of Lucky Boy Markets, Inc., disclosed to The SPECTATOR plans for a quarter million dollar development.

The first unit now under construction by General Contractor Stanley Clark will consist of an ultra modern Lucky Boy Super Market housed in a building 120 by 100 feet; a gasoline station, and a parking area for more than 300 automobiles.

Mr. Crispin, who is in charge of all rentals, said there is an additional 120 feet of frontage avail-

able for construction. Merchants interested in locations at the Lucky Boy Shopping Center are invited to call Mr. Crispin at 5-4153.

The neighborhood around this new shopping center has been expanding rapidly in recent months. Sayers & Son, realtors and subdividers, have 100 houses under construction - all of them sold - in Del Rey Woods, three blocks from the shopping center. When their projects in this area are completed in September, 250 homes will have been built, most of them in the \$9,000 to \$10,000 bracket, with 80 percent of them occupied by Army and Navy officers, who plan some day to retire to the peninsula.

**NORTHERN CALIFORNIA
REPUBLICAN WOMEN
TO MEET APRIL 19**

The first quarterly meeting of the board of directors of Northern Division, California Council of Republican Women, will be held in Sacramento Wednesday, April 19. The session will open at 10:30 a.m. at the Elks Club, 11th and J. Streets, and the speaker for the meeting will be Mr. Roy Rosenberg, editor of the Sacramento Union.

Local Republican women serving on the Northern Division board are Mrs. Frances Ballard, president of the Monterey Peninsula Republican Women's Club, and Mrs. Milton Marquard, public relations chairman for Northern California.

EDMOND SULLIVAN OF CARMEL OPENS CAMPAIGN FOR D.A.

Edmond M. Sullivan, of Carmel, this week opened his campaign for election as district attorney of Monterey County. He charges that an explanation is needed for the Board of Supervisors action in appointing the incumbent shortly after his graduation from college and flatly refusing to re-appoint Louis Moore on his return from war duty.

"Why was this choice made?" Sullivan demanded. "Why was it decided not to let the citizens of Monterey County have the better qualified applicant for this county office? I am asked this a great deal.

"It has been suggested that the majority of the county supervisors wanted someone they thought might not be experienced enough to analyze critically some of their official acts. It has even been suggested that the supervisors wanted someone who would apply the rubber stamp.

"These are questions in the public mind. I did not put them there, and they cannot be ignored. Personally, I think differently. I say it is because Louis Moore was not in the 'county building clique'. It is time to put a stop to this type of unhealthy political inbreeding.

"When the majority of the board of supervisors failed to select the best qualified man for district attorney, they made it one of the important issues of this campaign, and I accept battle on those terms. The district attorney is supposed to be legal representative of all the citizens of the county."

Sullivan, who is 43 years old, has made his home in Carmel since his release from the Navy five years ago. He was admitted to the Illinois bar in 1933, and is a graduate of Princeton University and Northwestern University School of

Wandering by George Falcon's Barbershop on San Carlos last week, we were puzzled to see a large crowd of people hanging around outside, peering through the door and window. On investigating, we learned that Carl Anderson, left, and Bill Kelly were having several yards of hair lopped off in a kind of scalpicide pact. They now have the boniest heads in Carmel. Polaroid One-Minute Photo.

Law.

He served as an assistant United States district attorney three years and four years as a master in chancery of the United States District Court. He resigned to volunteer for the Navy in December of 1941.

In announcing his candidacy for the office of district attorney, Sullivan stated, "I feel that my experience will be of definite value to the voters of Monterey County.

"I am interested in fulfilling all the duties of the office - not only prosecution of criminal matters but the responsibility of advising on civil matters in the every day conduct of county affairs."

PROGRESS IN FIGHT ON BREAST CANCER

Cancer of the breast is one of the most common types of cancer found in women - and one of the most curable in its early stages. Last year more than 17,000 women died of cancer of the breast. This is tragic since three out of four cases could and should be saved by early diagnosis and prompt treatment. We are making progress - last year, it is estimated, two out of five women with cancer of the breast were saved - but much more could be done.

Most important symptom of this type of cancer is a lump. Not all breast lumps mean cancer; in fact, most of them are entirely harmless, but every lump should be carefully examined by a qualified physician. When the lump is small and the malignant cells are limited to the breast, the possibilities of cure are excellent.

The American Cancer Society recommends that every woman over 35 examine her own breasts - gently and carefully - once a month for lumps. She should also have her family doctor examine her

breasts twice a year. Such a program on a national scale could save nearly 12,000 women every year, women who are for the most part in the prime of life.

The campaign to save lives from cancer of the breast is being pushed with a special film for physicians, a special film for women, selected pamphlets, through all means of reaching the public. Support this campaign by contributing to the 1950 Cancer Crusade of the American Cancer Society. Strike Back: Give to Conquer Cancer.

CARMEL CITY COUNCIL CANDIDATE

Fredrick S. Farr

(This is the last of five articles on the background, aims and personalities of candidates for election to the Carmel City Council on the April 11 ballot. --Editor.)

By Bill Martin

Before moving to Carmel in 1947, Fredrick S. Farr had spent only a short time as a grammar school student at the old Sunset School, but he promised himself from that time on to return to the village permanently. His love for Carmel - he feels the town is unequalled in the United States -

Photo by MURL OGDEN prompted him to run for the Carmel City Council.

He wants to see the community of homes maintained, but thinks the city must do some long range planning in the face of an ever growing population.

Born in Piedmont, Calif., on Aug. 2, 1910, Mr. Farr went to school there, but lived for about a year in Carmel with his aunt, Mrs. Florence Brown. He graduated from the University of California and the Boalt Hall Law School in Berkeley, moving to San Francisco to work with the Legal Aid Society, then opening his own office in the city. He retained a position as a director of the Legal Aid Society and was also elected president of the Barristers Club in San Francisco. At the start of World War II, he took a position with the Wartime Civil Control Authority, later moving to Washington, D.C., as administrative assistant to Captain Edward Macauley, of the U.S. Maritime Commission, who was a deputy administrator for the War Shipping Administration.

In January of 1944, Mr. Farr went to New York City for the War Shipping Administration, taking over as director of Maritime Labor Relations for the Port of New York. At the end of the war he moved to San Juan, Porto Rico, as an industrial relations consultant to the Porto Rico Development Company, and it was nine months later that he returned to Carmel for a visit.

He didn't stay in the village, however, but returned to San Francisco to reopen his law office there. The year 1947 found him ready to make the break for Carmel.

Married in 1938 to the former

Janet Haskins, of Los Angeles, Mr. Farr is the father of three: Sammy, 8, Francesca, 7, and Nancy, 2, representing three more valid reasons as to why he prefers this part of the country. Not only has he opened a law office in Seaside, but Mr. Farr has been very active in peninsula civic affairs. He is a member of the Bing Crosby Fund of the Community Chest, chairman of the Citizens' Advisory Committee on Education on the Monterey Peninsula, first vice president of the Monterey County Tuberculosis and Health Association and, until recently, a member of the Rent Control Advisory Board. He also belongs to the Seaside Lions Club and the Monterey Elks Lodge.

A member of the American Bar Association, as well as the county and state counterparts of that organization, he has been admitted to practice before the U.S. Supreme Court.

Mr. Farr is dead against spot zoning in the Carmel residential section and reports that he will vote "no" on the guest house advisory question which goes on the Tuesday ballot.

At the Carmel Town Meeting on Friday, Mr. Farr said he was pleased that Carmel is seeking a solution to the growing traffic problem. If automobile parking becomes any more difficult, he said, we may be faced with competition from some kind of out-of-town shopping center such as we see near many municipalities.

"The resultant loss of business could cause the introduction of a cheaper type of business that we don't want in Carmel," he declared.

Mr. Farr also thinks there should be greater coordination be-

tween the Carmel Planning Commission and the County Planners. Many of the bordering unincorporated areas such as Carmel Woods and Carmel Point may ask to join the city some day, he feels. The people of Carmel want to be certain that they will be annexing residential sections that are in keeping with Carmel traditions.

The city should also look into the possibility of establishing a recreation center or meeting place for retired people now living in Carmel, he said, "after the Carmel Youth Center is completed." As the city grows, it might be a good idea for city employes to be assured of job security through the development of city Personnel standards, he stated.

If Mr. Farr is elected to the council, he will not only try to promote these ideas, but will strive to establish better understanding among the various peninsula cities,

he said. He doesn't seek a merger of the cities, but thinks peninsulites should make more of an effort to understand problems that are common to all.

NEXT TUESDAY... VOTE FOR

ALTON WALKER

FOR

AIRPORT
BOARD
MEMBER

Airplane pilot for 21 years...
Aircraft businessman for 21 years...
Local resident and taxpayer for
13 years...

The million-dollar Monterey Peninsula Airport needs qualified and experienced men in the two directorships to be elected April 11, Tuesday. Alton Walker has spent a lifetime in the airplane business and has personally visited most of the airports in the western half of the United States and is familiar with their history and development. Elect him Tuesday if you are interested in the proper development and use of this community's airport.

... This is a paid Political Announcement...

21 YEARS Aircraft-Airport EXPERIENCE!

This week's garden pictures were taken at the home of Mrs. Lawrence Lyon, 929 Fountain Avenue, in Pacific Grove. We are able to show you but a tiny corner of these beautiful plantings, as Mrs. Lyon has, in reality, four separate gardens. Her collection of 862 name varieties of fuchsias is the largest in the world. There are 165 varieties of azaleas, about half of which are in bloom now . . . 20 varieties of camellias . . . lilacs, magnolia solangiana, and a Japanese cut-leaf maple . . . beautifully located around the gardens. Put this down as a "must" when looking for interesting places to visit.

The SPECTRE

by Carl Anisand.

The Easter vacation brings its yearly easement on these tired old eyes, balm for the jaded, envy from the old and assorted hankerings for days of yore. I refer to those collegians and collegiennes (ah, yes, the collegiennes!) who bring a splash of color and a spot of youth to this peaceful village every year along about now. Of course, this is nothing like what happens to Balboa and Laguna Beach down south each Easter. Down there! Anyone who is over 25 years of age in that part of the country feels like J. P. Morgan in Moscow...

As a columnist I have never, no never, made a prediction, but believe I will crawl out on a slender branch regarding Tuesday's elections in Carmel. Donald Craig will be re-elected, say I, and there will be a close race between Glenn Clairmonte and Fred Farr for the remaining City Council seat - with Mrs. Clairmonte winning. Allen Knight will be mayor and Andy Martin will be police commissioner.

Now I will make the kind of prediction that would make an accurate man out of Walter Winchell: There will be a stunning preponderance of "no" votes on the zoning advisory question. Brave, am I not?

Reports from The Carousel out in Carmel Valley indicate things are off to a rousing start. The bar opened for business on April Fool's Day like New Year's Eve, with the most apt description centering around the word "bedlam." Enjoying the fun were Mr. and Mrs. Milton Marquard, Bert Dienelt, just returned from Paris, with his wife, and the Godwins, Fred and Harrison, with their wives. The Carousel has been completely redecorated and "The Bobs" are planning a barbecue some Saturday when the weather's right ...

The five month old son of a schoolmate of your columnist was christened last Sunday in Hollywood. The baby was named Richard Thompson Howard and his daddy's name is William Ross Howard III. What's newsworthy about that? His mother is screen actress Dorothy Lamour . . . Shades of school days, Bill, and congratulations.

LOWELL THOMAS, JR. TO SHOW FILM HERE ON TIBET

One of the greatest adventure stories of our time will be told by the amazing Lowell Thomas, Jr., when he appears in person with his all-color moving picture epic "Inside Forbidden Tibet." This tale will be unfolded on Friday evening, April 21, at the Pacific Grove High School auditorium.

The never-never land of Tibet has long been an elusive goal of adventure, and until 1949 only six Americans had penetrated this mysterious mountain kingdom to reach the sacred capital of Lhasa.

But even in cloistered Tibet, with Communism on the march in neighboring China, there has dawned a realization that total isolation is no longer possible, nor safe. American friendship might soon be helpful. So when Lowell Thomas, noted commentator, and his son, Lowell Thomas, Jr., sought permission to visit the land of Lost

Horizon, a royal invitation was extended. At the end of a gruelling journey by pack caravan, the two Americans were received in this storied region, roof of the world. It will be reported and shown in 'colored movies narrated by Lowell Thomas, Jr.

Seats are now on sale at the Abinante Music Stores in Carmel and Monterey, at Coleman's Music Store, Pacific Grove, and will be mailed if order is accompanied with a self-addressed, stamped envelope, sent to Management Alice Seckels, Box 643, Carmel.

Is Your Body Off Balance?

... This question in my previous article has caused many comments. People have asked "What happens when my navel is off-center?" To show how important it is, here is a "Before and After" X-Ray of a full spine. This patient's bad heart and migraine headaches were both directly due to the torque, or twist, in the spine causing pressure on the nerves. Similar to a light bulb, without nerve energy to the organs, they won't work but become dis-eased. Correcting the posture, restores normal body function.

JORDAN ISSUING
PAMPHLETS ON PROPOSED
CALIFORNIA AMENDMENTS

Secretary of State Frank M. Jordan today started distribution of over five million pamphlets describing the three constitutional amendments which are to appear on the special state election ballot June 6.

The three proposals are: Proposition 1, authorizing issuance and sale of one hundred million dollars in state bonds to provide funds for veterans; proposition 2, concerning veterans' possessory interests; proposition 3, pertaining to off-street parking.

Jordan said the pamphlets are being sent to county clerks and registrars of voters who will distribute them later with sample ballots.
